**Dear Delegates,**

The ICC Banking Commission, in collaboration with ICC Portugal, is pleased to invite you to our bi-annual meeting entitled “Lisbon 2013: The Fast Evolving Trade Finance Landscape” on 15-18 April 2013 (Hotel Tiara Park). Over 60 years have gone by since the last meeting was held in Lisbon back in 1951, and we are delighted to reconvene in Portugal with such an ambitious agenda.

The ICC Banking Commission has built an unrivalled reputation for bringing the trade finance industry together to discuss the most prominent issues impacting trade finance today. The Lisbon 2013 bi-annual meeting of the ICC Banking Commission will attract over 300 bankers, trade finance practitioners, senior business executives, as well as policymakers and representatives of the leading multilateral financial institutions.

Two agenda items are of particular importance to the banking industry. In Lisbon, the ICC Banking Commission will seek adoption of the ICC Bank Payment Obligation rules (URBPO) and the International Standard Banking Practice last revised in 2007. The ICC Banking Commission will also be presenting the recent ICC Market Intelligence on trade finance, including the findings of 2013 Trade Register Report. The report will include extensive coverage of trade & export finance risk, including short-term trade finance and medium and long-term export finance.

Our program has been specially designed to provide you with key information on the fast evolving trade finance landscape from leading business executives, policymakers and trade finance experts, focusing on topics such as: trade asset management in the next 10 years, green growth, sustainability and trade finance; the changing landscape of banking; the role of arbitration in banking, etc. The Lisbon meeting will also be an opportunity to discuss work-in-progress on many ICC projects such as the Banking Commission opinions, and ICC DOCDEX revision, to list a few.

Thank you for your participation and your continuous support towards the mission of the ICC Banking Commission.

Yours sincerely,

Kah Chye Tan
